

Noongar Budjar Rangers Project 2018-2023

PROJECT CODE: BU5ART

Overview of Progress: April to June 2019

The Noongar Budjar Rangers continue to undertake contract work in the Wheatbelt.

- Primarily working with the Shire of Northam maintaining the Northam cemetery.
- They have also been working with Carbon Neutral to undertake site preparation at their planting site near Brookton.
- Helped out some community groups who were doing revegetation funded under the Healthy Soils Healthy Rivers project.

Successful in the recent Healthy Soils Healthy Rivers grants, the Friends of Dale River are planning a revegetation project adjacent to the Reserve Pool in Westdale. Our Rangers were out on site last week to give this community group a helping hand.
