

# Get Feral Ready!

Do you know how to rid your farm of feral pests? Do you need to gain approvals for using 1080 poison?

Come along to Wheatbelt NRM's community workshops and get your feral animal control questions answered. Look after your business and your natural environment.

**Wheatbelt NRM has workshops planned for your local area:**

- Trayning – Tuesday 31 March (pm)
- Lake King – Wednesday 1 April (pm)
- Bruce Rock – Thursday 2 April (pm)
- Toodyay – Friday 2 April (pm)

We are mindful of the rapidly changing health situation and we are planning alternative arrangements including virtual workshops if required.

Register now to make sure you don't miss out. Contact Anika Dent on 9670 3104 or [adent@wheatbeltnrm.org.au](mailto:adent@wheatbeltnrm.org.au) by 26 March.

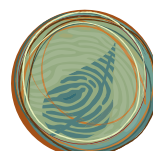

**Let's aim for a Feral Free Future for the Wheatbelt.**
